

Wednesday February 24, 2010

Dear CGCCC Avila/BlackLake participants,

Today, Wednesday the 24<sup>th</sup>, Daniel Cowherd, Tournament Chairman, received a call from Avila who was questioning whether we would still be playing, given the present weather (same we've been having) and the weather expected on the weekend. Daniel then called BlackLake, who also questioned us making the trip to play in the rain expected Saturday. After further discussion with the course and a phone call from Daniel to me, the decision was made to cancel both tournaments, as we confirmed the weather situation had jumped overnight to a 70% chance of rain on Saturday. You should have received, by now, a personal call advising you of the situation and cancelation.

I believe this may be the first tournament in the life of the CGCCC that has been canceled, but I could be wrong. We've had tournaments since 1989!

Please be sure to cancel your hotel reservations. Quality Inn is at 805-773-1841.

Further, there has been some discussion as to the handling of checks already received for this weekend. It has been determined that shredding them is the best course of action, which Daniel Cowherd, our tournament chairman will do. This will save a nightmare of accounting credits, etc.

Again, we are sorry for this action, but with the courses advice we found this the only prudent action to take.

If you have any questions, please contact Daniel at 285-4716. Thanks for your understanding and we'll see you next month @ Fig Garden!

David C. Angel  
President CGCCC
